

# HKSTP X ROCHE Co-Incubation Programme

**FOCUS AREA**

Screening and Monitoring Solutions, Oncology,  
Immunology, Neuroscience, Rare Disease,  
Ophthalmology, and Infectious Diseases

In light of the world's unmet healthcare challenges, we collaborate to synergize disruptive biomedical breakthroughs, to enhance patients' quality of life worldwide.

Hong Kong Science and Technology Parks Corporation (HKSTP) and Roche are partnered to accelerate game-changing biotech startups pioneering life science innovations. We are committed to empowering R&D for biotech startups to scale globally.
